

1.1 Curricular Planning and Implantation

1.1.1 The Institution ensures effective curriculum delivery through a well planned and documented process.

Description: The college imparts education in three faculties at the under graduate level and Masters in Arts.

The college runs B.A. course. There are five special subjects viz Marathi, English, Hindi, History and Economics.

In **Commerce** faculty has B.Com.(Bachelor of Commerce) degree with three specializations.

- B.Com.(General).
- B.Com. With Banking and Insurance (B.B.I.)
- B.Com. (Accounting and Finance) (B.A.F.)

The institution has **B.Sc. (I.T.)** - Bachelor of Science [Information Technology] in science faculty.

There is facility of Masters in the **Arts** faculty in five subjects.

- Marathi
- English
- Hindi
- History
- Economics

The college follows the syllabi prescribed by University of Mumbai in all the courses.

University of Mumbai introduced *CBSGS* (Choice Based Semester Grading System) at **degree level**, which introduced various changes and challenges in revised syllabi as well as in Examination (Credit Pattern System) from Academic year 2011 – 2012 with 60:40 pattern.

University Of Mumbai, introduced 75: 25 credit CBCS (Choice Based Credit System) pattern (75 marks for External Examination: 25 marks for internal) from Academic year 2015 – 2016.

The University Of Mumbai introduced CBCS (Choice Based Credit System) from Academic year 2016 – 2017, with 100 marks for External Examination. (Only the paper 'Foundation Course' has 75 (External Examination) marks and 25 (internal marks). This changed is introduced to F.Y. from 2016-2017, for S.Y. from 2017-2018 and for T.Y. from current year (2018-2019) by the University.

The University of Mumbai introduced *CBSCS* (Choice Based Semester Credit System) at Masters Level from Academic year 2011 - 2012.

We are habituated to these changes very smoothly because of our disciplined institutional practices. As per our institutional practices, all the members from teaching staff

prepare and submit ‘the Teaching Plans’ and ‘the Calendar of co-curricular activities of department, at the beginning of every academic year. Same teaching plans are followed in the respective classrooms. The teaching plan helps the teacher to plan the curricula delivery *in time* as well as it helps in *participative and experiential teaching and learning method*. The Information and Communication Technology (ICT) plays pivotal in curricula delivery in our institution.

The college in association with concerned departments prepares the academic calendar which consists of curricular, co-curricular and extracurricular activities for effective implementation and delivery of curricula in each academic year. Departmental meetings play important role in planning the curricula delivery. In the departmental meeting there is discussion about the syllabi, work distribution and assessment work. In Departmental meetings head and colleagues informally discuss about teaching at the end of every term.

The Internal Quality Assurance Cell monitors the overall curricula delivery process through the collection of offline feedback / online feedback from students.

Our college has a Virtual Learning Centre, which ran various programmes to train students for various competitive examinations. Unfortunately due to some technical issues, ISRO has stopped the broad-casting of these programmes. But we do have a formal mechanism to guide our students for competitive examination from the very beginning.
